

This student is applying to take Power Engineering (20L and 30L) online. Along with the course work, they will have practical experience in a SaskPower simulation lab as well as job shadow at the Queen Elizabeth Power Plant. Upon completion, the student may apply to write the Power Engineering Class 5 industry exam.

When assessing the eligibility of a student for the Power Engineering 20L and 30L program, it is important we feel confident putting them into this type of work environment. Thus, we are asking you to provide some information on the student identified below. This information will form part of the basis on which the student's eligibility for this program will be determined. Thank you in advance for your comments.
