

The Saskatoon Industry Education Council is excited to partner with the Saskatchewan Mining Association for MAP@MEMO. **Minerals and Products (MAP)** is a curriculum-correlated educational event full of interactive activities brought to life by mining industry professionals, skilled tradespeople, and student volunteers. Students will walk through six pavilions demonstrating each step of the mining process. Through hands-on activities, students who attend this event will:

EXPLORE the stages of the mining cycle and their role in mineral resource development.

DISCOVER exciting career opportunities in the mining industry and supply chain companies.

LEARN how we use the products of mining in our daily lives!

EVENT DETAILS

WHEN:

Monday, September 18 & Tuesday, September 19

SESSION TIMES:

9:30 AM – 11:45 AM & 12:15 PM – 2:30 PM

WHERE:

TCU Place, Saskatoon

HOW TO GET INVOLVED

This event is open to grade 7 classes from our three partner school divisions (GSCS, PSSD, SPSP) and the Saskatoon Tribal Council. The times for each division's participation have been predetermined.

Teachers wishing to attend the event with their classes must express their intent to their school division representative by June 14th, 2023. Teachers will be invited to attend a Professional Development session during school start-up in August to learn more about the event and the teaching resources that correlate with the event.

Organization and details surrounding the event will be taken care of by the Saskatoon Industry Education Council and communicated to teachers in September.

This event is free of charge, including transportation to and from TCU Place.
