

Dear Student,

The Saskatoon Industry Education Council, in partnership with Saskatchewan Polytechnic, is excited to present to you the opportunity to explore the world of **Welding and Fabrication**. If you enjoy working with your hands, working with tools and problem solving, this bootcamp is for you!

Participation in the camp opens the door for you to gain a basic knowledge and skills in operating welding and fabricating equipment and performing welding operations. You will also be introduced to safe shop practices and meet professionals and students who share the same interests.

Application deadline is Wednesday, March 6

Hands-on Sessions

- Sessions will be at Saskatchewan Polytechnic (1130 Idywyld Drive)
- This program will accept up to 12 students
- Open to students in grades 10, 11 & 12
- Tuesdays from 4:30-7:30PM
 - Session #1 – Tuesday, March 19
 - Session #2 – Tuesday, March 26
 - NO CLASS APRIL 2
 - Session #3 – Tuesday, April 9
 - Session #4 – Tuesday, April 16
 - Session #5 – Tuesday, April 23

Industry Night

The bootcamp will offer an opportunity for an industry night where students visit a local welding shop. This visit will include a tour of the facility, hands-on activities and learning from industry professionals who work in the trade everyday. More info will be provided upon acceptance into the program.

After the application deadline you will be notified if you have been accepted into the program.

If you are interested in a career in welding or fabrication don't miss out on this exciting opportunity! The experience and knowledge you gain and the networks you establish will prove to be an important step in your career planning. For more information, visit www.saskatooniec.ca/welding.

Sincerely,

Megan Unrau
