

Dear Student,

The Saskatoon Industry Education Council (SIEC) is excited to partner with Saskatchewan Polytechnic to offer you the opportunity to try out the Machining trade. Machinists set up and operate metal cutting tools including lathes and milling machines to manufacture precision parts.

Participation in the camp opens the door for you to gain a basic understanding of the machining trade and use industry grade and size equipment. It also provides you the opportunity to engage in hands-on activities with a qualified instructor.

APPLICATION DEADLINE: MARCH 13, 2024

Hands-on Sessions

- Program will accept 12 students
- Open to students in grades 10-12
- Tuesdays from 4:30 – 7:30 at Saskatchewan Polytechnic
- Bootcamp dates
 - Session #1 – Wednesday, March 20
 - Session #2 – Wednesday, March 27
 - NO CLASS – Wednesday, April 3
 - Session #3 – Wednesday, April 10
 - Session #4 – Wednesday, April 17
 - Session #5 – Wednesday, April 24

Industry Night

The bootcamp will offer an opportunity for an industry night where students visit a local machining shop. This visit will include a tour of the facility, hands-on activities and learning from industry professionals who work in the trade everyday. **Industry Night will be held on Tuesday, April 16 from 4:30-6:30pm at Dyna Industrial.**

After the application deadline you will be notified if you have been accepted into the program. You will then be required to complete safety training before the first session; this will consist of 1-2 hours of online training.
