

## Spotlight on Tech

As part of Computer Science Education Week, **SaskCode** and the **Saskatoon Industry Education Council** (SIEC) invite Grade 10-12 computer science and technology-based classes to attend **Spotlight on Tech**—an exciting day of learning focused on post-secondary exploration, hands-on coding experience, and interaction with innovative Saskatoon-based professionals.

On **December 10<sup>th</sup>** (9:30 AM – 2:30 PM) students will participate in the following career exploration activities:

- Coding activity with SaskCode at Innovation Place
- Tour three tech-focused companies at Innovation Place
- Visit four Sask Polytech tech-based programs
- An opportunity to meet post-secondary representatives from the U of S Department of Computer Science and the Recording Arts Institute of Saskatoon

***The content of this year's Spotlight will be similar to last year's event. It is recommended that teachers should apply if their students did not attend last year.***

Teachers may apply for one class to attend by filling out [this Google Form](#). Space is limited, so applications are not automatically accepted. Teachers will be notified on the status of their application by November 10<sup>th</sup>.

Students not attending with a class may apply to attend on their own via [a separate online form](#). This link will be shared in future communications with our partner school divisions.

### Notes:

- Our partners for this event are very enthusiastic about hosting your students! Special thank you to Innovation Saskatchewan, Siemens EDA Saskatoon, Co.Labs, DICE, Saskatchewan Polytechnic, the University of Saskatchewan Computer Science Department, and RAIS.
- Coding experience is not required.
- Bussing will be provided throughout the day. Students attending on their own are responsible for transportation to and from the event.
- Sub costs are not provided.
- Digitized 2025 will be hosted at the U of S on May 2, 2025.
